Wide-open Spaces

You'll find plenty of room to roam here!

We are so excited to welcome you back to the North Carolina mountains! For much of last year, travel plans were on hold, but we're so happy to have you back.

We've spent this time preparing to keep your safety and well-being top priority. With 495 square miles of natural beauty and over 185 named summits, there's plenty of room to have a trail all to yourself.

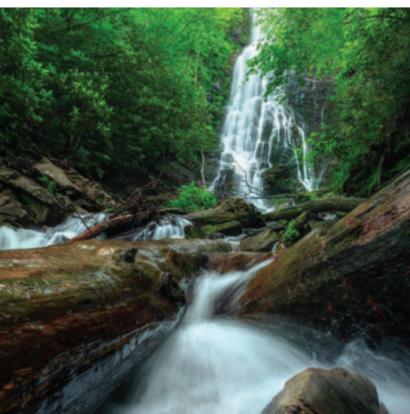

On your trip to Cashiers, Cherokee, Dillsboro, and Sylva you will find enhanced safety practices that put you and your family's well-being top of mind.

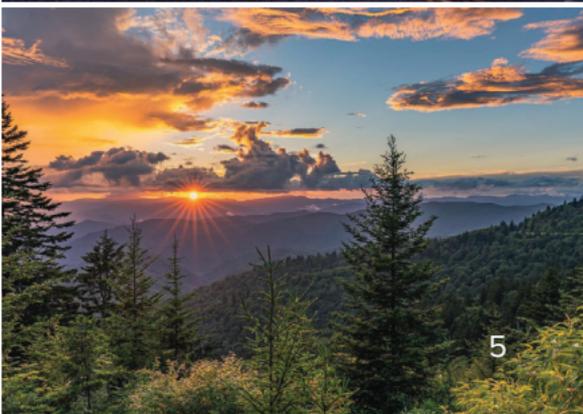

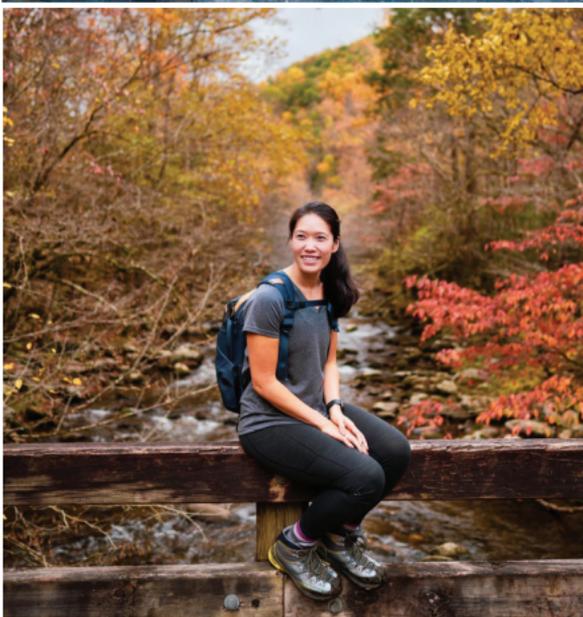

On behalf of our hospitality industry, and as someone who calls this beautiful place home, I hope your next trip to Jackson County is safe, fun-filled, relaxing, and enjoyable.

I encourage you to check out our website which offers maps, trip planning itineraries, directions to trails and waterfalls, and so much more. The website is www.DiscoverJacksonNC.com.

Lastly, we are focused on sustainable tourism and Leave No Trace®. We ask that you leave our mountains a little cleaner than you found them. I know on my own hikes if I see a plastic bottle on the trail, I pack it out. That way future generations can enjoy this beautiful place.

Know Before You Go – Check the status of the place you want to visit. If it is closed, don't go. If it is crowded, have a backup plan.

Practice Physical Distancing – Keep your group size small. Be prepared to cover your nose and mouth and give others space. If you are sick, stay home.

Plan Ahead – Prepare for facilities to be closed, pack lunch, and bring essentials like hand sanitizer and a face covering.

Play it Safe – Slow down and choose lower-risk activities to reduce your risk of injury. Search and rescue operations and health care resources are both strained.

Explore Locally – Limit long-distance travel and make use of local parks, trails, and public spaces. Be mindful of your impact on the communities you visit.

Leave No Trace – Respect public lands and waters, as well as Native and local communities. Take all your garbage with you.

Build an Inclusive Outdoors – Be an active part of making the outdoors safe and welcoming for all identities and abilities.

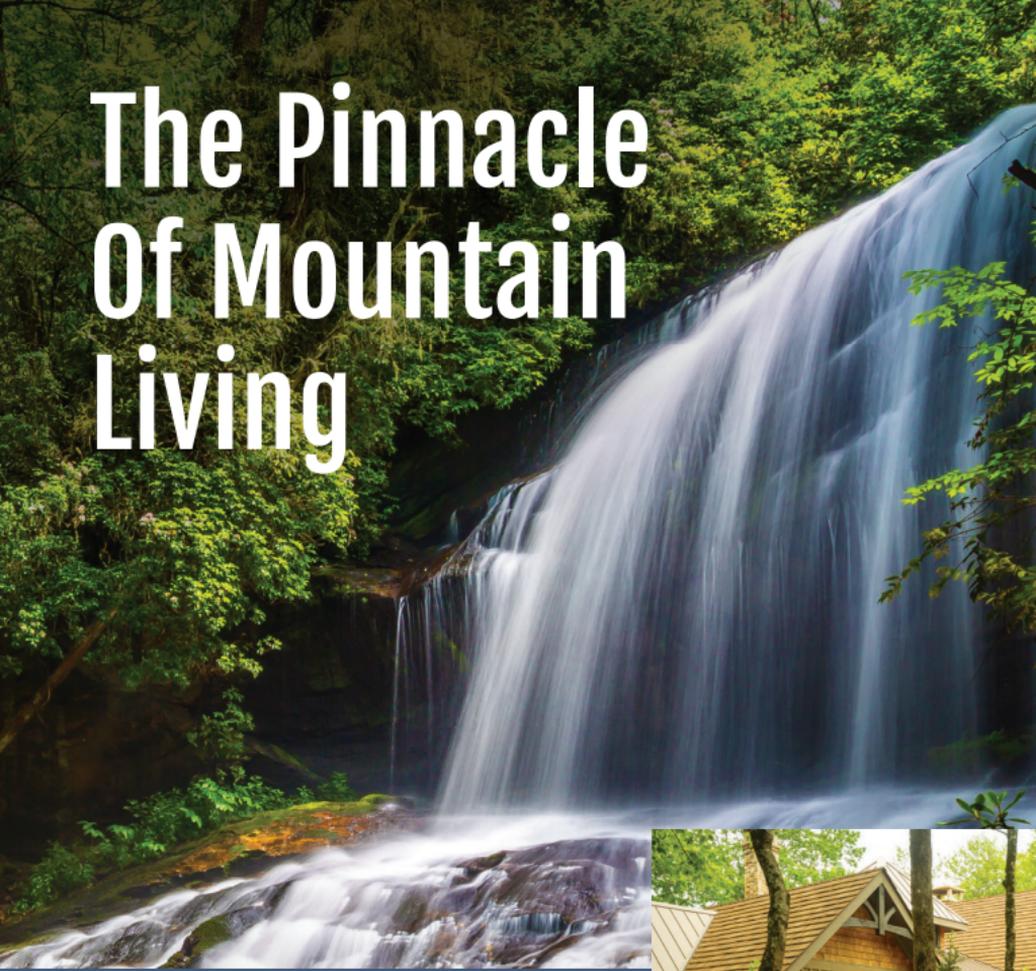

- Plan ahead and prepare
- Travel and camp on durable surfaces
- Dispose of waste properly
- Leave what you find
- Minimize campfire impacts
- Respect wildlife
- Be considerate of other visitors

Jackson County is home of the Western North Carolina Fly Fishing Trail®, the first and only fly fishing trail in the country.

It maps out 15 prime spots to catch brown, rainbow, and brook trout in the crystal-clear streams of the Great Smoky Mountains. Whether you're looking for wide-open rivers or secluded mountain streams, the Fly Fishing Trail® has you covered. For a free, waterproof map, visit www.FlyFishingTrail.com.

We have guides for the first-time fly fisher or a seasoned angler who wants to perfect their skills. With fully-equipped outfitters, all you have to do is show up!

Fly Fishing Trail Pledge:

As a true sportsman, I pledge to never litter and to avoid trespassing on private lands. I will respect the rights of property owners, and always leave the streams in better conditions than I found them.

Bass Fishin'

Jackson County is home to several breathtaking scenic mountain lakes that, thanks to the area's large trout population, is home to some of the largest small and largemouth bass in the state, and some would even argue the country. With a plethora of bass, yellow perch, musky, walleye, brown trout, brook trout, and rainbow trout, there are plenty of chances to reel in the catch of the day, or even catch of the week, in Jackson County.

Venture Out

Jackson County is only minutes from two amazingly beautiful and free National Park sites. With affordable lodging, it makes the perfect base camp for your adventures! We are more remote and secluded than the Tennessee side of the Smokies so you can enjoy trails all to yourself.

Blue Ridge Parkway

The 469-mile Blue Ridge Parkway is America's most celebrated motor touring route, with curves both hugging the ridgeline, while opening up to breathtaking views. The Parkway is also a jumping off point for hikers, backpackers, bird watchers, waterfall seekers, cyclists, and more. In Jackson County, you will discover dozens of overlooks, including the Richland Balsam sign at mile marker 431 proclaiming the highest point on the Blue Ridge Parkway (6,053 feet). About a third of a mile north of this overlook is the second Richland Balsam overlook, where there is a trail to the peak of Richland Balsam (at 6,410 feet, it is the highest peak on the Parkway). Waterrock Knob (Milepost 451.2) has a parking area and restrooms and is a perfect spot to watch sunsets, picnic, take a hike, or just sit back and take in the stars.

Other Parkway highlights near Jackson County include the Devil's Courthouse Overlook and Trail, Graveyard Fields, and the Pisgah Inn and Campground.

Great Smoky Mountains National Park

Great Smoky Mountains National Park is known as the crown jewel of the southern Appalachian Mountains, and includes more than 800 square miles of the most biodiverse habitat in the National Park System.

Highlights on the North Carolina side of the GSMNP are the reintroduced elk herd in Cataloochee Valley, and the visitor center at the Oconaluftee entrance to the Park. A motor road — U.S. 441 — cuts through the park from North Carolina to Tennessee, passing the famous Newfound Gap overlook that straddles the North Carolina-Tennessee border.
