

COLORADO RIVER VALLEY

Room to Roam

About the Region

The Colorado River Valley is a place to stretch the boundaries of adventure, lean deeper into relaxation, and view history from a new angle. Connected by the majestic Colorado River—New Castle, Silt, Rifle, and Parachute—are four Colorado towns overflowing with western-style hospitality and brimming with opportunities for off-the-beaten-path exploration.

Getting away from it all takes on new meaning in the Colorado River Valley. With boat ramps in every town, the river between Parachute and New Castle is ideal for everything from paddling to jet boating! Edged by mountains, the region is also a haven for backcountry recreation. The Flat Tops, Roan Plateau, and Bookcliffs are stunning landscapes for hiking, biking, fishing, boating, hunting, and motorsports. Closer to town is premier golfing at three 18-hole courses.

Annual events channel a western vibe as well. New Castle's Burning Mountain Days recalls its coal mining past; Silt Heydays its ranching roots. The Garfield County Fair & Rodeo in Rifle is a modern-day wild west festival, while Rockmageddon in Parachute is all out high-octane fun!

NEW CASTLE

A historic coal mining town now verdant countryside for recreation, New Castle is a quaint travel destination surrounded by spectacular natural environments. Home to several parks, a new hiking and biking trail system and easy access to the Flat Tops Wilderness, New Castle is a vacation destination that's a breath of fresh air.

SILT

Settled by hearty pioneers, the ranching life lives on in this quiet community on the Colorado River. Take a tour of country roads for postcard-pretty views of working farms complete with historic barns and buildings. With abundant public lands that include the Flat Tops, Silt is an eco-tourism paradise!

RIFLE

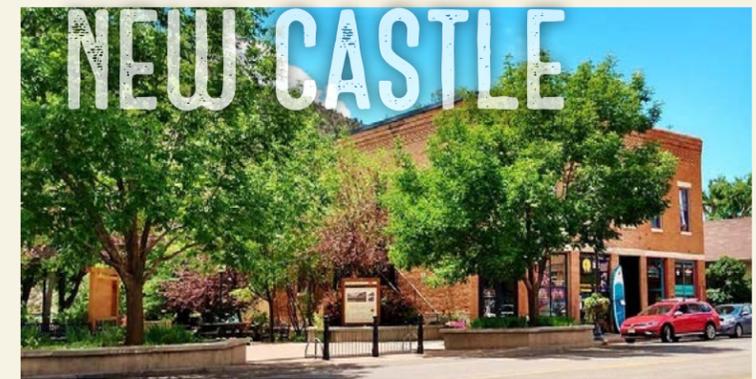

The Old West meets the New West in Rifle where visitors can bump into historic sites on nearly every corner! A favorite outpost with sportsmen and campers—nearby public lands are home to big game herds and well-stocked lakes. The town also boasts waterfalls and outstanding rock and ice climbing.

PARACHUTE

Famous for its abundant reserves of oil shale and natural gas, Parachute is a rugged, hard-working American town that has always welcomed visitors to stop for a spell. The two iconic mesas overlooking the area provide the backdrop for boundless adventures on the Colorado River and in the backcountry of the Roan Plateau and Bookcliffs.

DE BEQUE

A quiet country town lying in a beautiful valley at the confluence of Roan Creek and the Colorado River. I-70 provides convenient access for travelers to enjoy the beauty of the area and view wild horses at their protected range. Bike, ride or hike the many BLM trails over hundreds of acres of the rugged countryside. Residents are proud of their heritage from historic cattle drives to the rail spur, as well as the days of wrangling wild horses off the range.
